

TASK-6

**Topic: story
boarding**

-by Genius squad

**HELLO!
MY FRIEND HOW
ARE YOUH ? I HAVE
BROUGHT A NEW
LAPTOP FOR MY
FURTHER EDUCATION**

**fine ! its' great which
model have youh
brought..? how much
cost it was and what are
the best features can you
say details about it**

**The world is changing and the technology
day by day increasing have you all know
that to buy a laptop we have to see the
internal storage and quality display and
sound , reliability internet connection,
ergonomic design**

**YESS.. I Know about
display and sounding that
display reduces eye strain
in long work hours &
quality sound system and
mics for clear virtual
communication**

**A laptop with fast processors
,ample ram and an SSD enables
seamless multitasking and
smooth performance for
demanding tasks , ensuring High
productivity these qualities are
the high performance of laptops**

**A well -maintained MacBook pro
can last 7.2 years but many
users replace them after 5 years
and modern laptops offers
advanced connectivity for high
speed internet crucial for virtual
meetings, cloud collaboration
and team communication**

with laptop we can communicate with each other and we can find the solutions for the complex problems also I have read that the 1st laptop was introduced in 1968 by Alan Kay who is an American computer scientist

can you explain that other major technology companies entered the market in 1980's

shack brought the japanese TRS-80 model 100 to the United States; it was one of the first computer with a liquid crystal display.

NOW, I ALSO decided to buy a new laptop I have understood the advantages and also disadvantages of laptop I am very much excited to buy a new laptop

Technology is just a tool . in terms of getting the kids working together and motivating them , the teacher is the most important

NEVER LET TECHNOLOGY RUIN YOUR BRAIN !!!
